Dear Mr. Weisberg:

This past week I received all of the books that I ordered in my previous letter to you of August 16, 1985. Thank you.

One of my sources sent me an article published in Search Magazine back in 1978 to the effect that you had then pledged to donate copies of the FBI documents on the JFK Assassination, which you obtained via FOIA litigation, to the University of Wisconsin--Stevens Point. According to this article, you were going to send all of those documents to the University of Wisconsin--Stevens Point-- when you were through with them. Therefore, I have a simple question to ask: Did you ever send all of those documents to the University of Wisconsin--Stevens Point? Or do you still have them in your possession, presumably because you still need them for your research?

I'm sure you will agree that there is a wealth of original source information in all those documents, and if they are now available for public research at the University of Wisconsin--Stevens Point-- I would like to know. If they are somewhere else, I would also like to know. Thank you.

Enclosed is a photocopy of a self-explanatory letter that I received from JFK Assassination researcher Penn Jones, Jr.

Very truly yours,

Richard A. Landkamer
